4955636	ISX EGR	\$10,219.52	\$4,115.00

In 2007 we also introduced Overhaul Kits for ISX '02 engines. Kits **4955635** and **4955636** contain the following parts:

- Six (6) Monotherm® Piston Kits with pins and ring packs
- Six (6) induction-hardened flat top Cylinder Liners (4101507) with o-ring seals
- Six (6) connecting Rod Bearing pairs with drilled oil journals (4089405)
- One (1) standard Main Bearing Set (3800298) with thrust bearings
- One (1) complete Lower Engine Gasket Set (4955591)
- One (1) Upper Engine Gasket Set with the improved one-piece head gasket (4955596)

ISM Overhaul Program

One Overhaul Kit (Cummins part number 4090008) has been developed to cover all ISM Pre-'02 CPL numbers and 2 Overhaul Kits have been created to cover many of the ISM '02 CPL numbers.

Prices may be subject to change.

OH Kit P/N	Engine Model	Installed	Program @ Fleet
4090008 (head P/N 4952453RX)	ISM pre 02	\$8533.10 w/heads &wet fltrs	\$4023.87 kit \$5789.62 w/heads
4918786/87 (head P/N 4952453RX)	ISM '02 (EGR)	\$8542.76 w/heads &wet fltrs	\$4033.53 kit \$5799.41 w/heads

Kit Includes

- Six (6) piston kits
- Six (6) cylinder liner kits
- One (1) upper engine gasket set
- One (1) oil pan gasket set
- Twelve (12) connecting rod bearings
- One (1) standard main bearing set
- Two (2) crankshaft thrust bearings

2009 "No Compromise" M11 Overhaul Promotion

The M11 Overhaul Promotion aligns a complete engine Overhaul Kit has been changed to only one head for both horsepower applications. Prices for **the injector special is additional**.

The CPL or application of the engine will determine its recommended overhaul package.

	4955844	163.49

Customer Benefits

When customers purchase the above water pumps They receive:

- Complete New water pump
- No Core requirements Cummins
- 1 year parts replacement warranty
- New improved "low" price

Starting at
\$163.49

*These pumps will not be available until the end of Q1 2009

New part will not cover progressive damage or consumables

A Leaking CAC Will Waste Fuel...

And also has other side effects!

- Loss of engine power Exhaust manifold failure
- Premature piston, ring and valve failure
- Elevated coolant temperatures
- Turbocharger failures

We will perform a pressure test to give you the confidence your engine is at the performance levels required. We recommend the cooler be tested at every oil change. A cooler that is leaking will allow the compressed air out of the turbocharger to escape before it gets to the engine. This will result in power loss and poor economy. A quick leak down test of the GAG will accurately assess the situation.

\$50 Test Fee*
*Fully refundable toward a new CAC on your next service visit.

Dura-lite Charge Air Coolers are available at Cummins Northeast. They provide cool, dense air to the engine and meet all OEM engine performance specifications. Silicone grommets in Dura-lite's Patented Seal System allows for free thermal expansion while maintaining a leak-free seal, eliminating stress and premature failures, Dura-Lite CAC's are made to last.

7 Year/ 1 Million Mile Warranty!

2009 PT Fuel Pump Program

\$467.57
exchange

- Very competitive price for the most reliable fuel pump on the market
- 100% factory remanufactured to the latest Cummins step bore technology
- Next day delivery options available if the part you need is not in stock
- One year/100,000 mile/3,600 hour warranty

*6 for 5 Select Injector Promotion

This offer is good on all N14 and M11 complete overhauls (MUST SHOW OVERHAUL KIT, (3) HEADS AND (6) INJECTORS ON SAME INVOICE)

2009 "Why Take Chances" '91-'93 N14 Overhaul

The engine CPL, as always, determines the overhaul components. The program promotes one Overhaul Kit P/N 4024877 or 4024878 (both featuring ultra-durable TriTech Plus Cylinder Kits) sold together with three (3) ReCon cylinder head P/N 3406737RX at a special advertised price of 2930.00 *the injector special is additional.*

Please reference the CPL matrix below for specific Overhaul Kit application.

'91-'93 N14 Overhaul Promotion Matrix

Prices may be subject to change.
